A letter to those whose names are NOT in the above list, from the District Secretary of the Victory Loan.

Greetings:
Dear Mr. Raucher, Farmer, Townman
I wish to express appreciation for the number of Victory Bonds taken out up to date. I desire also to say that the Committee is aware that there are many who would buy Bonds but whose position will not allow them to. This letter is addressed to all those who—with or without a little rearrangement of their financial affairs—are well able to buy Bonds, but have NOT yet done so. Many a soldier has given his life for the preservation of your life, liberty and property, while, incidentally, your Bank account has swelled through war conditions. You are not asked to give your life or your goods, but to loan your money at 3% to your country.

Funds must be raised to carry on the finances of Canada, even tho the war is over.

No Canadian citizen is worthy of the name who will not buy Bonds. In comedies tar and feathers, yellow paint, etc., are being used in cases of those who can, and do not, buy Bonds. The slackers shall not escape. Do not need more urging, be content with Government security and interest, even if you could make more in cattle or land. Back up the Boys who gave their all to save you and yours.

Don't be branded as a "slacker."
Yours for a square deal to our men and country.

Turkey, Austria and Germany Surrender

**Germany's Capitulation
Comes Quickly After That
Of Her Allies**

**Germany accepts, unconditionally
all the terms laid down by the
Allied Nations.**

The news of Germany's surrender set the town wild yesterday, and soon Main St. was a scene of revel. Parades were quickly formed, the fire gong set going, flags put up and the members of the Brass Band gathered together. The girls of the Chautauqua took a very prominent part in all the doin's and were conspicuous in all the parades. After dark the Kaiser with iron cross and all, was burned at the stake, a liberal supply of gasoline poured on the effigy made the flames shoot high, while the crowds cheered themselves hoarse. The celebration was carried on far into the night, with a brilliant torchlight procession as one of the main attractions.

The arrival of a son, and the war ending, had the editor up in the air this week, hence the delay in getting out this issue.

ANDERSON—To Mr. and Mrs. M. E. Anderson, on Friday Nov. 8th, a daughter.

BUSY BIDEFORD

It is with deep regret we announce the death of one of Bideford's best known young men, Mr. Jack Ramnus, who succumbed to the flu at his home in Plenty, Sask. The news of this sad event was wired to our town on Saturday and everyone was struck to hear the sudden calamity. It was but the other day that Jack left town with his horses, and was in full vigor and his customary high spirits. He was a fine horseman and a genial soul whom everyone liked. Much sympathy is felt for his brother Andy and the rest of the family in their unexpected bereavement.

Salvation from Damnation - The Victory Bond.

It was a strange sight to see the masked figures around the town when first the compulsory notice was posted up, but now the odd thing is to see a man unmasked, he has an incomplete appearance without the white binding. There are many amusing mistakes made when people are taken for other folks. One candid friend told a lady her mask was a decided improvement, as the less her face was seen the better looking she was!

Make your Money Fight - - - Buy Victory Bonds.

Miss Inkster had a wire announcing her brother's illness, with the flu, in Vancouver. Miss Inkster left for her home in Edmonton. School is closed here for some weeks.

At the recent sale on Rud's farm, near Compeer, the horses went very high, considering the time of year.

The Bideford Red Cross wrote to Kirrie offering to render any assistance with the flu epidemic. It is reported there are four deaths already. We hear the hotel is used as a hospital, and the town quarantined.

Halloween was held in one Scotch home, in Bideford, and lots of fun caused when young and old "dooked" for apples in a tub of water. There were a number of Jack-o-Lanterns and bogie lights in evidence when the young folks went home.

Make the Dollar do its Duty - Buy Victory Bonds.

Live Stock Affected By Water

Owing to the dry season, this year, the water throughout the country now contains a heavier percentage of alkali and potash than usual. This has weakened the system and impregnated the blood of the cattle and horses with poison, and unless their systems are cleansed of this before the severe weather, very few will survive. A few dollars invested now will save your stock. The following are recommended: Nux Vomica, Ferri Sulph, Sulphur, Conditional powders, Cattle pacifier, or in milder cases a few feeds of stock food, which contains a good blood purifier in the form of blood root, gentian, iron and flax seed. Gentian is also good. Your local druggist can supply you with these goods.

As a matter of business, what do you think of the plan?

You are a farmer.

Canada is a farming country.

Canada grows more food than the people of Canada need.

To prosper she must sell that surplus food.

Great Britain is our best customer for grain, pork, beef, cheese and other farm products.

Every practical man must see how important it is to hold the British trade. Canada wants not only the profit on this trade, she wishes to create a good-will in Britain towards Canadian products and thus assure our export business for the future.

At the moment Great Britain asks for credit, asks Canada to sell her products of the farm, "on time." To hold her trade, it is necessary to give this credit.

This takes capital—immense capital. For Britain's purchases from Canada are huge, and these purchases must be paid for in cash.

In these times, it is not easy even for a nation as wealthy as Canada to procure money. Certainly, no other country can lend us money. The only way now open for Canada to secure money is to borrow from the people of Canada.

This is the reason for selling Victory Bonds.

Can anyone deny the sound business sense of this plan of protecting our valuable market?

From the standpoint of the man who lends, what better security could he get for his money? Where else could he get a five and a half per cent. return on such security? Where would he find an investment to pay interest so regularly and with so little trouble to the lender? Certainly Canadians have an opportunity to benefit very directly from this borrowing plan.

And the money Canada borrows is spent entirely in Canada—a very large part of it for the very crops the farmer has to sell.

Therefore, if the Victory Loan is a success, business in Canada must be good, the nation must prosper and so be able to carry on a vigorous war effort in France and Flanders.

As a practical man you must approve of the Victory Loan plan.

Then help it along. Put your own money into Victory Bonds; urge your friends to buy; work hard among your loyal neighbors to make the Victory Loan 1918 an overwhelming success.

The Cafeteria System for Hogs

Much of the drudgery is taken out of hog feeding by the use of the self-feeder. According to investigations carried on at the Experimental Farm at Ottawa, hogs, after they had reached a certain age, do better when fed this way provided the proper mixtures are used. Strange to say, when properly handled, dangerous and wasteful over-feeding is not so likely to occur with the self-feeder as when meals are given at stated hours. It has been shown that the hogs are the best judges of when they should take food. The feeder is fully described in the Special Circular, No. 15 obtainable at the office of the Publications Branch of the Department of Agriculture at Ottawa. This bin-like receptacle is easily made at a cost of about \$10 even when new lumber is used in its construction.

Note and Comment

The 1917 Victory Loan enabled the Dominion Government to advance

\$100,000,000 to finance last year's wheat crop; also

Nearly another \$100,000,000 to finance the sale of live stock products to Great Britain; also

Nearly \$100,000,000 to finance exports of cheese to Britain.

The 1918 Victory Loan will enable the Dominion Government to finance the sale of the wheat crop to Great Britain along with the sale of beef, pork and other live stock products.

Britain will take Canada's agricultural products, but cannot pay cash. The Dominion Government must finance the sales.

ONE MILLION SCHOLARS!
ONE MILLION DOLLARS!

A million Sunday School scholars of the Anglican, Presbyterian, Baptist, Methodist and Congregational Churches are co-operating on a plan for the three-fold purpose of helping to boost the Victory Loan; assisting the Churches to extend their mission work, and commemorating the heroism of church members who have fallen at the front.

Every Sunday School subscribing to a bond will receive a shield, which is reproduced above. "Every School at least one bond" is the cry that will help to carry the 1918 Victory Loan over the top.

Epidemic Influenza

Instructions Regarding
Care of Sick Persons

Since thousands of people are nursing influenza patients in the province, the following instructions will be of value:

1. Fresh air is the most essential requisite to the comfort and well-being of patients, no matter how ill.
- Rest in bed for three days after fever has gone is urged to prevent complications.
3. Pneumonia cases should not be kept in the same room with uncomplicated influenza cases.
4. Nourishing food at regular intervals.
5. Plenty of water or lemonade.
6. General Unworried Service: Avoid chattering, nagging or questioning; anticipate wants of sickest patients, convalescents usually ask for what they want; keep the patients in isolated room, in separate beds; keep patient in bed all the time (this means patients must not get up to go to the bathroom; two or three pillows arranged step fashion, the lowest well under the shoulders, will make breathing easier; keep the arms and shoulders well covered; ventilate the room freely; at the outset, headache and backache are frequent; cold cloths (moist, but not dripping) to the head, changed frequently give some relief; avoid anything that might cause the slightest chill.

CARE OF MOUTH—A mouth wash every few hours and cold cream to the lips help to keep the mouth in normal condition.

If patient is extremely weak, swab the teeth carefully with aniseed oil or cotton applications three times daily.

COUGH—Patient should keep mouth covered when coughing. Paper napkins or three thicknesses of toilet paper, used only once, are safer and better than rags or handkerchiefs. Keep a small paper bag pinned to the bed-side, within easy reach of patient's hand, to receive the used napkins. Change bag at least twice daily, or whenever it becomes half full.

The invisible spray from the mouth and nose during coughing and sneezing is as dangerous as visible expectoration. Convalescent patients can be masked; weak patients are annoyed by them.

FOOD—For the unhappy, feverish patients, liquid diet, hot or cold, as preferred—milk, lemonade, weak tea and coffee, broths. For the convalescent and patients not feverish, soft diet—gruels, cooked cereals, milk toast, jelly, soft boiled eggs, etc.

Food may be kept warm in a thermos bottle.

All patients should drink some water every hour when awake.

PRECAUTIONS All mouth washes, bath water, excreta, and uneaten liquid food should be thrown into the toilet by the attendant.

All rags, napkins, scraps of uneaten food, mouth swab, etc., should be wrapped in clean newspaper before being carried to the kitchen to be destroyed by burning.

All linen—sheets, masks, towels, etc., should be submerged in a large kettle of cold water in the sickroom, or put in a pillow-slip, or laundry bag. This can be safely carried to the kitchen stove, and when contents have been boiled five minutes anyone may finish caring for the linen. When attendant cannot stop to wash her own hands, door knobs, faucets, etc., should be protected by scraps of newspaper, which may be destroyed after each using. Attendants must be constantly masked, must wear big allover aprons in sickroom, changing it to a different one always before entering any other part of the house. Attendants must have facilities for washing their own hands, soap, nail brush and paper towels, in clean place, and never touch the patient or patient's utensils without afterward cleansing her own hands thoroughly. Running water is better and safer than a basin of weak disinfectant kept for the hands alone.

Everything used for the patient should be kept separate from the supplies for the rest of the household. This means dishes, bed linen, bath wraps, towels, flap cloths, rocking chair, etc.

Families can help visiting nurses and aids by having hot water, towels and newspapers ready when nurses are expected.

NOTICE

Military Service Act, 1917.

EMPLOYMENT OF MEN IN DEFAULT
UNDER THE MILITARY
SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

REGULATIONS.

"106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."

"106A. Every person who HARBOURS OR CONCEALS OR IN ANY WAY ASSISTS ANY MAN WHO IS A DESERTER OR ABSENT WITHOUT LEAVE FROM THE CANADIAN EXPEDITIONARY FORCE, or who is in default in the performance of any obligation or requirement for reporting or for military service imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable upon summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he was not aware and had no reasonable ground to suspect that the man so harboured, concealed, or assisted was a deserter or absent from the forces without leave or in default in respect of any of the obligations or requirements aforesaid."

VICTORY LOAN OF 1918 MUST GO OVER THE TOP

Indications from all parts of
Southern Alberta are that this half
of the province will go "over the
top" in its Victory Loan campaign
well ahead of the allotted time. This
confidence of success, however, must
not be allowed to weaken the efforts
of the Victory Loan organization or
the general public. On the contrary,
just as our soldiers at the front, with
victory in sight, are hitting their
hardest blows, so must the support
lines at home redouble their efforts
during the remainder of the cam-
paign.

While there have been serious
disadvantages—notably the influenza
epidemic—to encounter, the spirit of
the people of Southern Alberta, who
are accustomed to meeting and beat-
ing difficulties, has more than offset
the disadvantages. The greater the
difficulties the harder the people
work. And besides there are some
very great advantages this year. The
bonds of the Dominion of Canada
were never so attractive as they are
today. They pay nearly twice as
high a rate of interest as a savings
bank will pay, and they are backed
by all the wealth and resources of
the whole Dominion of Canada. The
big financial firms, life insurance
companies, etc., are buying these
bonds to the extent of their ability.
That shows what they think of them.

It is a mistake to suppose that the
buying of Victory bonds is in any
sense a sacrifice. It is an invest-
ment, and the very best investment
on the market. In order to save
money to buy Victory bonds it is
necessary that people deny them-
selves other expenditures, and in that
sense it is, perhaps, sacrifice, but the
same is true of putting money in the
bank or into land, or any kind of
property.

Save as a matter of patriotism;
save that we may win the war and
pay for the war. But buy Victory
bonds as an investment. You may
never again have an opportunity to

buy the bonds of the Dominion of
Canada at such favorable prices.

Circular to Farmers

The following letter has been ad-
dressed by Mr. H. W. Wood, Presi-
dent of the United Farmers of Al-
berta, to the officers and members
of the U.F.A.:

Just one year ago today I addressed
a circular to you asking you to pur-
chase Victory bonds. Your response
was most gratifying. The campaign
for another bond sale will begin on
the 25th of this month. The rate of
interest on bonds is the same, the
country's need for money is the
same, the opportunity for a good
business investment is the same as
last year. But I fully realize the
financial conditions among farmers
this year are very different from
last year.

Many farmers will be entirely un-
able to invest a single dollar. Others
will be able to invest as they did last
year, while a few may be able to
invest even more than they did last
year.

Buy at least one bond if you can,
and as many as you can afford to
buy. It is a good investment; it is
a good security; it is a liquid asset.
The country needs the money and
the end of the war is in sight.

If you cannot invest fifty dollars in
a bond, but can invest fifteen dollars
in a life membership, do so and the
U.F.A. will invest it in Victory
bonds.

Let us each invest according to his
or her ability. Hoping that we are
very near the end of the last war,
Yours most sincerely,

H. W. WOOD,

President.

member that he comes to you on be-
